Dear Dr. Gonzalez:

I have just returned from an extensive field visit in Central America and México and found your nice Christmas greeting. I hope that you and Mrs. Gonzalez and the children had a happy Christmas, and I wish for you much success and happiness during 1954.

Dr. Kinde and I expect to visit in Concepción early in March, and we are both looking forward with pleasure to seeing you at that time.

With kindest personal regards,

Sincerely yours,
