Dear Ignacio:

I have just received the following cable from
Dr. Hayes in México:

"ADVISE GONZALEZ THAT HERNANDEZ PEON AND ALCOGER
ACCEPT OFFERS ACCORDING TERMS GONZALEZ LETTER DECEMBER 30TH
CAN ARRIVE CONCEPCION FEBRUARY 28TH LETTERS FOLLOWING REGARDING
CONTRACTS AND TRAVEL ARRANGEMENTS" -

Although Dr. Hayes is doing what he can to help
your Medical School, by talking to the people in México, it
must be made clear that the Rockefeller Foundation is not
assuming any responsibility for bringing these two men to
Chile, and the service which Dr. Hayes has given does not
signify that the Foundation is contemplating any program in
Concepción. #

I was sorry not to see you again before you
went back to Concepción.

Sincerely yours,

JHJ/lss
