ASSOCIATE DIRECTOR

Dr. Ignacio Gonzalez  
Casilla 136  
Concepción, Chile, S. A.

Dear Dr. Gonzalez:

At the time of my last visit to Concepción it was my understanding that the Faculty of Medicine expected to request a fellowship for Dr. Guillermo Beddings Reyes in order that he might have graduate study in biology in the United States. Thus far the Foundation has heard nothing further concerning him. During the next three weeks the Foundation is making its final selection of fellows for the 1954-1955 academic year. If Dr. Beddings is a candidate, I shall be grateful if you will ask him to complete the applications and send them with all possible haste to this office in view of the fact that I shall be departing from this office for South America on February 10.

In addition to Dr. Beddings the only other possible candidate that I have on my approved list for 1954-1955 is a short fellowship for Dr. George Hodgson.

With kindest regards to you and Mrs. Gonzalez and the children,

Sincerely,

*Benjamin G. Horning*
