Dear Dr. Horning:

Dr. Manuel Donoso is coming back to Concepcion upon the completion of his training in Neurosurgery, in order to be the head of the Neurosurgical department and Instructor in Neurosurgery.

Dr. Donoso is a very nice person and has done a very remarkable work as a fellow in the Service of Dr. Asenjo.- As a matter of fact I sent Dr. Donoso to Dr. Asenjo's because I needed a well trained Neurosurgeon in the Hospital and in the University, and I believed that he was the best man for the job.

We have been discussing with Dr. Asenjo about Dr. Donoso and his opinion is that a visit or a fellowship in the U.S. would be of great value for the completion of his training.- I fully agree with him because Dr. Donoso is going to have a very responsible position here and we must secure him the best training and experience we can.

With best regards,

Dr. Ignacio González G.
