Ignacio Gonzalez G., M.D., F.A.C.S.  
Casilla 136  
Concepcion, Chile

Dear Doctor Gonzalez:

We have just been advised by Doctor Carlos Sayago that you have accepted an assignment to deliver a twenty-minute paper on "Trauma to the Chest" on the program of our Third Inter-American Congress to be held in Lima, Peru, January 11-14, 1955. We are delighted over the prospect of having you on our program and will advise you about the time at which your paper is to be delivered as soon as our program develops a little further.

We are anxious to have all papers to be delivered in Spanish translated into English so that we may distribute mimeographed copies for the members of the audience who do not understand Spanish. For this reason, we are requesting that you send us a copy of your paper by September 1 so that we may have it translated into English.

We also request that you return the enclosed form listing the exact title of your paper and your professional appointments the way you would like to have them appear on the program.

Sincerely yours,

H. P. Saunders, M.D., F.A.C.S.  
Associate Director
